Issue 161: October 2022

Fourth class were delighted to be visited by Garda Olga who gave them a talk on Halloween Safety and equipped them with the knowledge to make safe choices at Halloween.

Our 2022/2023 boys football team.

Senior Infants were busy investigating the effect water, coke, tea and vinegar have on the enamel of our teeth by completing an experiment with eggs.

Junior Infants were busy making autumn and Hallowe'en art.

Second class created Crazy Pumpkin Patches.

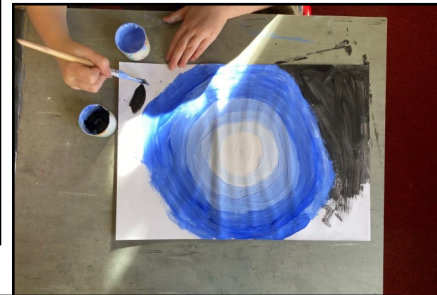

Rang a Dó did a performance for the school during our Friday assembly. We sang The School Kids' Rap and the song What I Am. You can watch our performance on the 2nd class news page on the school website.

Fourth class were learning about the properties of 2D shapes and shapes that tessellate. A tessellating shape is one that can be repeated over and over to create a pattern that has no gaps or overlaps. The children made their own tessellating shapes in groups.

Fifth class made pumpkin symmetry art.

First class were busy creating spooky Halloween art.

We all had great fun during maths week!
