Issue 163: November 2022

Our boys Peadar Lehane team.

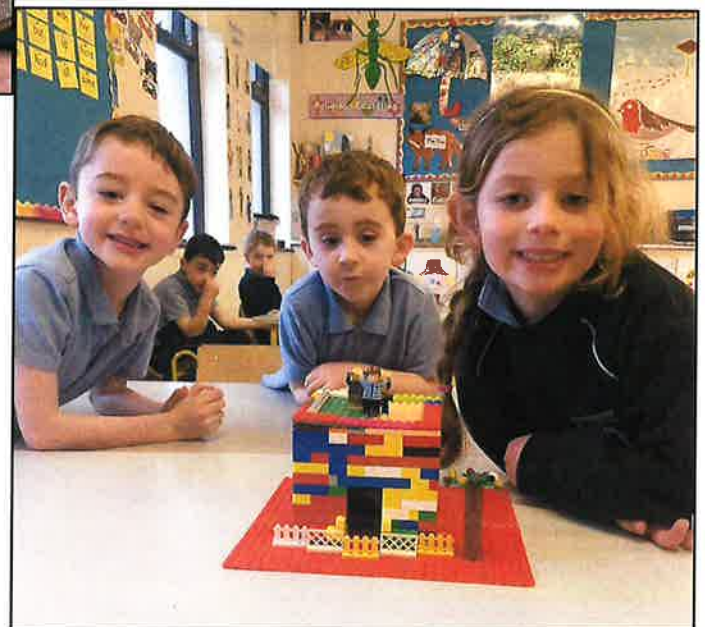

Fifth Class had fun during science week. They explored Newton's Law by making helicopters and they learned about liquids solids and gases during their bubble experiments.

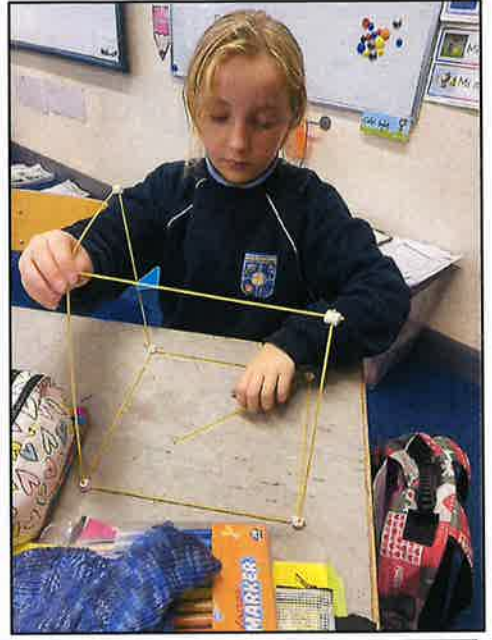

Senior Infants had great fun making cloud dough during Science Week.

Our 2022/2023 Student Council.

Junior Infants were busy making houses with Lego.

Fourth class were learning about 3D shapes and their properties in maths and constructed an array of 3D shapes using marshmallows and pasta.

3rd class have been working hard converting analogue times to digital times this week in Maths.

First class were testing the strength of different shapes during Science Week.

Well done to our U11 and U13 children who competed at the Cross Country Championships in Fairyhouse. Congratulations to Aoife Barrett who placed 4th in her race!
